

SA INTERNATIONAL VALUE FUND

As of 3/31/2026

The Fund's goal is to achieve long-term capital appreciation. The Fund is designed to purchase securities of large non-U.S. companies in countries with developed markets that Dimensional Fund Advisors LP (the "Sub-Adviser") determines to be value stocks. The Fund invests in companies in countries with developed markets designated by the Investment Committee of the Sub-Adviser as approved markets from time to time. The Fund is authorized to invest in the stocks of large and mid cap companies in Australia, Austria, Belgium, Canada, Denmark, Finland, France, Germany, Hong Kong, Ireland, Israel, Italy, Japan, the Netherlands, New Zealand, Norway, Portugal, Singapore, Spain, Sweden, Switzerland and the United Kingdom. This list of authorized countries is subject to change. Under normal market conditions, the Sub-Adviser intends to invest in at least three non-U.S. countries, based upon a company's place of organization or the source of a majority of a company's operating income.

Investing involves risk, principal loss is possible. Investing in foreign securities may involve certain additional risks, including exchange rate fluctuations, less liquidity, greater volatility and less regulation. Stocks of medium-size companies are usually more sensitive to adverse business developments and economic, political, regulatory and market factors than stocks of larger companies, and the prices of stocks of medium-size companies may be more volatile.

Fund holdings are subject to change at any time and should not be considered recommendations to buy or sell any security.

The Morningstar® Developed Markets ex-US All Cap Target Market Exposure IndexSM considers 24 countries to be "developed markets" (23 with the exclusion of the United States). The Index includes 99% of the investable stocks in those 23 countries, virtually all of the stocks considered to be large cap, mid-cap, and small cap. The Index does not include any emerging market stocks.

The Morningstar® Developed Markets ex-US Value Target Market Exposure IndexSM contains the cheaper half of the Morningstar® Developed Markets ex-US Target Market Exposure IndexSM, with "cheaper" being defined by Morningstar's style score. The Morningstar® Developed Markets ex-US Target Market Exposure IndexSM selects those securities that are in the 85% of stocks with the largest market capitalization in each country. Developed markets are those considered "high income" by the World Bank, and currently constitutes (excluding the U.S.) 23 countries. The Index is measured in U.S. dollars and is calculated on a total return basis assuming the reinvestment of dividends after deduction of the local withholding tax that is withheld to non-resident individuals who do not benefit from double taxation treaties.
