

SA U.S. FIXED INCOME FUND

As of 6/30/2026

The Fund's goal is to maximize total return available from a universe of higher-quality fixed income investments maturing in one to ten years from the date of settlement. The Fund pursues its goal by investing primarily in: obligations issued or guaranteed by the U.S. government or its agencies or instrumentalities; dollar-denominated obligations of foreign issuers issued in the United States; bank obligations, including those of U.S. banks and savings and loan associations and dollar-denominated obligations of U.S. subsidiaries and branches of foreign banks, such as certificates of deposit (including marketable variable rate certificates of deposit) and bankers' acceptances; corporate debt obligations; commercial paper; obligations of supranational organizations, such as the World Bank and the European Investment Bank; and repurchase agreements. The Fund generally invests in fixed income securities that are rated investment grade. The Fund considers fixed income securities to be investment grade if, at the time of investment, they are rated at least BBB- by S&P, Baa3 by Moody's, or BBB- by Fitch or, if unrated, have been determined by the Sub-Adviser to be of comparable quality.
